ENRICHING CREATIVE LIVES FOR OVER 69 YEARS

Southampton Arts, a not-for-profit organization founded in 1957 by Bert Henderson, has been a cornerstone of artistic support in our community, nurturing artists at every stage of their journey. This vibrant organization offers a robust arts program featuring artist-led educational experiences for children and adults, alongside a professional exhibition space.

Housed in the iconic yellow brick building on Albert Street South, the art school has welcomed adults of all ages and aspirations to explore a variety of art forms, including watercolour, acrylics, sketching, printmaking, plein-air painting, textiles, and wood carving. Our instructors, among Ontario's finest artists and educators, bring passion and expertise to their teaching. With classes tailored to beginner, intermediate, and advanced levels, Southampton Arts continues its proud legacy of fostering the creation and appreciation of fine art and craft.

We believe children are an essential part of our community. Through PA Day and summer programming, we offer children aged four and up access to a wide range of classes that are designed to inspire creativity and to encourage exploration of new art techniques.

We see creative expression as a powerful tool for individual and collective wellness, and our vision is that every member of the community should have access to this healing power of art.

We deeply appreciate the kindness and support of our customers and patrons of the arts. Your involvement—whether by attending special events, volunteering, sponsoring, or donating funds—plays a vital role in sustaining Southampton Arts and its mission.

ABOUT THE COVER

Each year, **Southampton Arts** partners with **Saugeen District Senior School** to showcase emerging talent by inviting art students to design the cover of our Art School catalogue. This year, we received 15 outstanding submissions.

Following a **People's Choice** vote on social media, the community selected the 2026 catalogue cover created by **Kohana Tiwari**, whose artwork beautifully reflects the creativity and passion of the next generation of artists.

In another collaborative project, students submitted line drawings of their artwork before completing their project. One of these submissions will be featured as the artwork for our **2026 Children's Colouring Contest**, with **Mykenzie Wolfe** chosen as the winning submission.

*All submitted artwork will be on display at the **Southampton Arts Centre** from **April 1 to April 25** in the Promenade Gallery. A **People's Choice** award will run throughout the exhibition. A set of art cards featuring all 15 pieces will be printed and available for purchase at **Southampton Arts**. Funds raised help sustain classes, exhibitions, and accessible arts programming for all ages.*

COMMUNITY FOUNDATION GREY BRUCE - SOUTHAMPTON ARTS CENTRE FUND

Southampton Arts Centre Fund, managed by **Community Foundation Grey Bruce**, was created in memory of loved ones and individuals who believed in building vital, healthy, and enjoyable art educational activities and cultural projects for residents of Saugeen Shores and surrounding communities. Whether small or large, your gift can make an impact.
